

Grounded DI OS Benchmark Record

Prompt 48 of the Grounded DI cross-domain benchmark series - official Google Research IFEval item key 1348

INTERNAL ONE-SHOT RECORD - FASTPATH 5.6 / TERRA EXTRA HIGH - LOCAL CHECK PASS

1. Document identity and condition

Primary document	Grounded DI OS Benchmark Record
Benchmark-series position	Cross-domain Prompt 48
Requested condition	Grounded DI OS / FastPath 5.6 / Terra Extra High / Protocol A
Run controls	Tier 18; DIP 0-166; Benchmark Mode
Benchmark identifier	Google Research IFEval item key 1348
Official encoded controls	punctuation:no_comma; detectable_format:number_highlighted_sections; keywords:existence
Labels applied	INTERNAL ONE-SHOT RECORD; LOCAL CHECK PASS; LOCAL REIMPLEMENTATION - NOT OFFICIAL EVALUATOR
Labels not applied	OFFICIAL EVALUATOR PASS; certified; independently verified; universal; representative; official leaderboard score; proof of hidden backend identity

2. Purpose and scope

This record documents one locked response to official Google Research IFEval item 1348 under the requested FastPath 5.6 / Terra Extra High / Protocol A condition. The item combines comma exclusion, Markdown-highlight detection, and required-keyword detection. The scored task is a brief biography of a person named Brilliant Le Hou.

The official machine score is limited to the three encoded constraints. Biography quality, opening-name placement, conventional single-asterisk presentation, and absence of audit content are reported as separate manual task checks. The requested route is recorded as a condition label only; it is not treated as proof of a particular underlying model identity.

3. Official benchmark URLs and source freeze

Series repository	https://github.com/Grounded-DI/Benchmarks-Cross-Domain
Official evaluator tree	https://github.com/google-research/google-research/tree/master/instruction_following_eval

4. Exact official item (key 1348)

The official dataset entry was matched by item key, prompt text, instruction IDs, and parameters before response lock. The fixed JSON representation below has SHA-256 e438462fb22677fc4a08e2f15f1e6016fc70e50d58e5d3d0c6279626286fdfa2.

```
{
  "key": 1348,
  "prompt": "Write a brief biography of a person named \"Brilliant Le Hou\". Do not use commas in your reply. Highlight a",
  "instruction_id_list": [
    "punctuation:no_comma",
    "detectable_format:number_highlighted_sections",
    "keywords:existence"
  ],
  "kwargs": [
    {},
    {
      "num_highlights": 3
    },
    {
      "keywords": [
        "brilliant",
        "le",
        "hou"
      ]
    }
  ]
}
```

5. Exact benchmark prompt - scored task only

The following official prompt is the only task being scored. This record material is outside the scored-response boundary.

Write a brief biography of a person named "Brilliant Le Hou". Do not use commas in your reply. Highlight at least 3 sections with markdown, i.e. **highlighted section**. The biography should start with the name of the person.

6. Route and runtime boundary

Requested condition	Grounded DI OS / FastPath 5.6 / Terra Extra High / Protocol A
Exposed runtime identity	Codex agent environment; precise backend build or model snapshot not exposed
Route verification	ROUTE VERIFICATION NOT EXPOSED - requested condition is not independent proof of a hidden route
Runtime-control boundary	No runtime certification claim; this record concerns the locked textual response and documented checks

7. Timestamp and tool status

Source verification	Completed before response lock
Response lock	2026-09-03 18:12:26 UTC
Document generation	2026-09-03 18:12:26 UTC
Timezone basis	UTC
Official-source retrieval	GitHub connector retrieved the official dataset and checker source
Web search for scored response	Not used
Official evaluator execution	Not executed - instruction_following_eval package is unavailable in this workspace

8. Draft and preflight status

Initial-draft status	PASS
Private preflight corrections	0
Correction	None. The complete candidate satisfied the three encoded constraints before lock.
Lock status	LOCKED BEFORE LOCAL CHECK
Final submission status	PASS

One complete candidate was generated. Private preflight found no substantive defect. No retry, selection among multiple final responses, or post-lock rewrite occurred.

9. Final submitted benchmark response

LOCKED SCORED RESPONSE - answer content only. The exact response below was not modified after local checks were run.

```
Brilliant Le Hou is a patient community gardener who teaches neighbors how to grow herbs.
*Her early work began in a sunny courtyard where she shared seeds and stories.*
*Le Hou later organized weekend workshops for children and parents.*
*Today Brilliant Le Hou is known for kind practical lessons that bring gardens to life.*
```

Locked file: 328 bytes; 4 visible lines; terminal newline present. SHA-256:
e2041cc208c07aa7e44c10285f28414c2a74f38aaa1a5603349c75705042d4d9.

10. Official evaluator result

OFFICIAL EVALUATOR NOT EXECUTED. The official IFEval package was unavailable in this workspace, so no official strict or loose result is claimed. Source text was verified against the current Google Research repository at the recorded commit.

Official evaluator label	NOT EXECUTED
Official strict score	NOT MEASURABLE
Official loose score	NOT MEASURABLE
Official-versus-local discrepancy	NOT MEASURABLE

11. Transparent local-equivalent result

LOCAL REIMPLEMENTATION - NOT OFFICIAL EVALUATOR. A fixed-parameter response-only check mirrored the relevant published checker behavior after the response was locked.

CommaChecker equivalent	PASS - no ASCII comma character found
HighlightSectionChecker equivalent	PASS - 3 non-empty highlighted sections found; minimum 3
KeywordChecker equivalent	PASS - case-insensitive regular-expression searches found brilliant, le, and hou
Instruction-level local score	3 / 3 encoded constraints passed
Prompt-level strict local score	PASS
Final local score	1 / 1 prompt-level strict pass
Internal check status	INTERNAL RESPONSE-ONLY BLIND CHECK
Independent verification	NOT INDEPENDENTLY VERIFIED

The response-only local checker received the locked response and fixed constraint parameters. It did not receive an official evaluator result. This is an internal blinding condition only and does not make the result independently verified.

12. Manual task checks - separate from official score

Starts with Brilliant Le Hou	PASS
Exactly three non-empty single-asterisk highlights	PASS
Brief-biography content	PASS
Scored response contains no audit material	PASS

These checks are disclosed for task completeness and are not added to the three encoded IFEval constraints.

13. Defects, ambiguities, and limitations

No source conflict was observed: item key 1348, its quoted prompt, instruction IDs, and parameters matched the official dataset. The official keyword checker uses case-insensitive regular-expression searches without word boundaries; the local equivalent preserves that behavior. The official highlight checker accepts non-empty single-asterisk and double-asterisk

spans; this response uses exactly three non-empty single-asterisk spans to avoid double-count ambiguity.

The official evaluator was not executable here. Accordingly this record reports a local-equivalent pass only, does not claim an official IFEval score, and does not claim independent verification, broader capability, factual certification, or route identity verification.

14. Evidence status and record integrity

Evidence status	NOT INDEPENDENTLY VERIFIED
Record class	INTERNAL ONE-SHOT RECORD
Official source control	Verified against Google Research source commit and frozen object identifiers
Scored-response preservation	Exact locked response reproduced in this record
Hashable artifacts	Locked response SHA-256 and fixed official-item JSON representation SHA-256 shown in this record; PDF and package SHA-256 sidecars accompany publication
Publication status	Local record prepared for publication only after the local strict pass

Integrity statement: This PDF records the item, source references, locked response, transparent local checks, manual checks, result boundary, and limitations as observed. It does not upgrade the local result into an official or independently verified score. No unrelated sample artifact is included in this Prompt 48 record.

15. Final disposition

Encoded constraints	3 / 3 local-equivalent pass
Prompt-level strict result	1 / 1 local strict pass
Official evaluator	NOT EXECUTED
Evidence	NOT INDEPENDENTLY VERIFIED
Publication decision	Eligible for direct repository publication under the user-authorized condition: all local checks passed
