Claim boundary

This record documents a local check of the official encoded requirement. It is not an official IFEval evaluator run or an independent verification.

Exact official task

Write a parody of 'ars poetica'. Do not include the word 'parody' throughout your response.

Locked response

A poem should be simple as a receipt
and twice as hard to fold.

It should contain one moon,
three unnecessary commas,
and a squirrel with opinions.

A poem should explain itself
by leaving the room dramatically.

Manual task checks

Poem form	Uses a short original verse with a playful meta-poetic structure.
Task alignment	Humorously comments on what a poem should do without reproducing a source text.
Response boundary	The scored block contains only the requested verse.

Preflight

0 corrections. The response was checked before finalization and then locked.

Local keyword evidence

Encoded constraint	Result	Evidence
parody absent	PASS	Zero case-insensitive whole-word matches.
